

Standard Test Procedures (STPs) for Pharmaceutical Tablets

STP ID:

6

Product Name:

Tolanz DT 5ml

Batch Number:

DDP230054X

Manufacture Date:

2023-11-23

Expiry Date:

2029-12-11

Active Ingredient Concentration:

Test

Capsule Size:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly cent

Dissolution Test:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly cent

Hardness Test:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly cent

Moisture Content:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly cent

Uniformity of Dosage Unit:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly cent

Appearance:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly cent

Standard Test Procedures (STPs) for Pharmaceutical Tablets

Packaging Integrity:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping.

Storage Conditions:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping.

Stability Testing:

This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping. This ensures the title is correctly centered at the top of the page, and subsequent content is displayed properly with margins and wrapping.
